POWER CUTTER

Husqvarna®

Wet and dry cutting in one machine! Electric all-round wet cutter that minimises water

Unlike other electric cutters, the blade rotates forward, cutting into the material efficiently with minimum effort on the user.

An integrated regulator controls the water volume, ensuring there is a constant flow to the blade. It also ensures the amount of water is sufficient to bind the dust without creating an excess of water.

- Constant-flow water valve
- High durability
- Low noise levels
- Overload protection
- Quick acting blade locks
- Ideal for indoor & outdoor use
- Electronic SoftStart™
- Forward rotating blade
- Cutting depth: 125mm
- Blade diameter: 350mm
