## BELLE BC350 SAWBENCH

350mm 110v powerful  
masonry sawbench for cutting  
bricks, blocks, tiles and slabs

- Straight and accurate cutting is achieved through the use of a sliding table fitted with seize free rollers.
- Powerful, quiet and maintenance free induction motor for fast, effective cutting.
- Dust free operation from a highly reliable submersible electric pump.
- Detachable legs for ease of transport and storage.
- Cutting head can be tilted and raised or lowered for mitre and height adjustable cutting.
- Long 650mm cut length for cutting materials such as large slabs.
